

## **Benfieldside Pupil Premium 2014/15**

In 2014/15 OFSTED inspectors reported "Governors know how the pupil premium funding and the primary physical education and sport funding are spent.

They ensure that they have a strong impact on the achievement of disadvantaged pupils and all pupils' health and well-being." "Pupil premium funding has been spent effectively on programmes to develop reading, writing and mathematics and to provide smaller group sizes, extra resources and support where this is necessary. As a result, disadvantaged pupils currently make similar rapid progress overall as other pupils in school do in reading and mathematics and good progress in writing."
