

DESERT ANIMAL ADAPTATIONS

🐫 Match the camel's body parts with the numbers ☺

- 1 A **hump** on the camel's back
2. Long, tick **eyelashes**
3. **Nostrils** that can open and close
4. A tough, leathery **mouth**
5. Tough, leathery **knee pads**
6. **Webbed** feet with two toes.

🐫 Now match the numbers with the adaptations ☺

- ___ These help the camel to kneel on the hot sand
- ___ These protect the camel eyes from the sand and the sun
- ___ These prevent the camel from breathing in sand
- ___ These prevent the camel from sinking in the sand
- ___ This help the camel to have nutrients for a long time
- ___ This helps the camel to chew tough, thorny plants.
